- Common to All
- Specific to User Type
- Specific to Exhibitors
- Specific to Press
- In-page navigation (homepage only)
- Top Navigation Global
- Left Hand Navigation
- Tertiary navigation

- 1** Email campaign to drive members and people who have registered their details.
- 2** Informative external drivers including PPC, digital and press advertising to drive people to the exhibition site with a view to encourage them to sign up and register them on the site.
- 3** Press registration area. Prior to allowing access to the press area, validate of their details are required. An email should be sent to the given address and responded to prior to access.
- 4** Press area, requires pre-registration – access through user name and password
- 5** Segmented database, db should be divided into Press, Visitors and Exhibitors. General contact respondents should be consigned to the appropriate db to be included into targeted marketing campaigns.
- 6** Marketing campaigns at various stages of the evolution of the site and leading up to the opening of the exhibitions.
- 7** Contact buttons throughout the site should require respondents to enter a minimum of their name, email address, question and an opt-in to newsletters/ emails
- 8** Welcome email after registration with prompts and drivers back to main site.
- 9** Press validation email, recipient will be required to respond to this email prior to accessing the press area.
- 10** Main link to visitors registration section, visitors should only ever be 1 click away from the sign up form.
- 11** Main push to exhibitors registration section, users and visitors should only ever be 1 click away from the sign up form.
- 12** Main user engagement areas. Once visitors have had a chance to go through the site and places of interest we should still encourage them to register, for this reason all areas within this section have one click access to the registration and contact forms.

Page Notes

This page references segment 'A' of Visitor user journey_1.1

- 1 Direct navigation to find out more information about My Mosbuild and registration forms to become a member, housed on the ASP's system. This page links to a general content page 5.0
- 2 The registration button will take the user directly to the sign up to 'become a visitor' form.
- 3 The 'request a stand' button will take the user directly to the sign up form to 'book a stand' additional information should be available here (common questions/answers) and a phone number to the booking line. Additional information can be gained by clicking a link on the form page to general content - page 5.0 a link back to the form page is incorporated on this page.
- 4 The Newsletter sign up form, is situated high on the left hand side of the landing page, input fields are present on the landing page to reduce barriers and promote newsletter signup. To promote the media partners, sponsors and advertising area as much as possible within the space available, we have closed the 'quick sign up' box which will open (see homepage 1.1) on mouse click.
- 5 Space allocated for media partners, this link should be editable in the CMS.
- 6 Space allocated for any sponsor link required, this link should be editable in the CMS.
- 7 Media bookable space – editable within the CMS
- 8 Members login link, this will take the visitor through to the login section of the site. At this stage there is no direct input login accessible from the homepage.
- 9 Welcome text outlining shows in an easy to digest overview, this text is editable in the CMS
- 10 10,11, 12 & 13 all form the show information panel. Section 10 highlights the Design and Decor exhibitions and dates
- 11 Editable image to represent the show
- 12 Highlights the Build and Architectural exhibitions and dates
- 13 Editable image to represent the show
- 14 Keynote speakers section surfaces speakers at seminars onto the homepage, the information section could be enlarged at the expense of the image size to give more in-depth information on the topics the speaker is speaking on at he seminar. This section is editable and could be re titled to surface alternative content.
- 15 Video display area.
- 16 Testimonials will be displayed on the home page to promote companies exhibiting. Ideally the panel will continually scroll slowly upwards to cycle through available testimonials. (A limit on testimonials should be considered with older post dropping off as new ones are posted.) Content is controlled by CMS and editable.
- 17 Features exhibitors carousel surfaces new or important exhibitors
- 18 Top news stories can be highlighted on the home page, with special preference being given to important or new news articles. Content is controlled by CMS and editable.
- 19 Clicking on the second tab will change the display content to allow users to view Twitter comments. (Moderation should be looked at)
- 20 User interaction poll. Designed to bring user interaction and interest. Questions TBC
- 21 Breadcrumb trail through the site

Page Notes

This page references segment 'D & E' of the Visitors User Journey_1.1

- 1** List of exhibitions in for the Design and Decor section. A similar list will be available for Building and Architecture.

Functionality: As the user mouse's over the list of exhibitors, the copy in section 6 changes to reflect the exhibition highlighted, images in section 7 and 8 will update to reflect the copy. Clicking on the exhibitors' button will result in the exhibition displayed being locked in place until another button is depressed.

A sub navigation is displayed below each of the exhibitors, linking through to relevant sections of that exhibition.
- 2** The link takes users through to the breakdown of products being displayed at the exhibition
- 3** This link will take the user through to a list of exhibitors within the given exhibition. On navigating through the user will be presented with a list of exhibitors, with links through to detailed information on each exhibitor, seminars key speakers, exhibitions etc .
- 4** The dates and seminars link will take the user through to a list of Seminars specifically about this exhibition products. On navigating through the user will be presented with a list of seminars and speakers, with links through to detailed information on each of the topics. Additional links from this page will take the user through to detailed information on each exhibitor, seminars key speakers, exhibitions etc .
- 5** The contact link takes the user thought to contact information.
- 6** Book a stand takes the user though to the book a stand section.
- 7** CMS editable copy, the copy will update as users mouse over other exhibitions as outlined in number 1 above.
- 8** CMS editable copy, the copy will update as users mouse over other exhibitions as outlined in number 1 above.
- 9** CMS editable Images, the copy will update as users mouse over other exhibitions as outlined in number 1 above.

Category Tag

Page Notes

Landing page for news articles. Articles will be files by date, we anticipate this becoming a large repository of articles and cumbersome to find specifics.

Provided proper tagging is used the repository should be searchable through the site search engine.

1 News articles are divided into sections. Comprising of a relevant image and abbreviated copy. The Image and a link at the end of the abridged copy should take user to a full verion of the news post.

2 Dropdown filter menu system allows users to filter news articles to display only relevant topics to the user. MosBuild to control search categories and level of tagging.

3 Dropdown filter menu system allows users filter news articles from previous weeks. This filter should work in conjunction with the 'search by category' filter

4 Once a news article is 4 weeks old it is consigned to 'Last Month' section.

5 Dropdown filter menu system allows users to filter news articles to display only relevant topics to the user. MosBuild to control search categories and level of tagging.

6 The functionality of the drop down menu incorporated in the 'Archive' tab works in a similar way to that of the 'Last Month' tab, with the exception that the category list is divided into 'Months'

7 Twitter feed to the home page is also visible on the news overview. (Moderation should be looked at)

- 4 Associated article, quote, support copy or any other copy deemed appropriate editable within the CMS.
- 5 Promotional callouts, this space should be allocated generic content and can be used to highlight or promote aspects of the event. Specific content will depend on page location. Callouts should allow for image and copy.
- 6 Like, share, add etc should be added to news feeds, exhibitors exhibition pages, all functionality will be controlled though the CMS and can be edited by administration.

not indicative of final design or nomenclature

The image is a comprehensive wireframe of a website, likely for a trade show or exhibition called 'MosBuild'. The layout is organized into several key sections:
Top Navigation Bar: Features the 'MosBuild Logo' on the left, an 'Advertising Space' on the right, and a 'Members Login' button on the far right.
Secondary Navigation Bar: Contains a series of links: 'Exhibitions', 'For Exhibitors', 'For Visitors', 'About MosBuild', 'My MosBuild', 'Program of Events', 'News & Analysis', 'For Press', and a 'Search' button.
Main Content Area:
- **Left Sidebar:** Includes a 'My MosBuild' link with a 'Find out More' sub-link, a 'REGISTER NOW' button, a 'BOOK A STAND' button, a 'NEWSLETTER' sign-up button, and a 'MEDIA PARTNERS' section.
- **Main Content Section:** Titled 'Page Description', it contains a 'TITLE' and 'Sub Title', followed by three paragraphs of placeholder text. A large image placeholder is positioned to the right of the text.
Bottom Section:
- **Sponsor Links:** A section for 'SPONSOR LINKS' with a placeholder for a list of links.
- **Advert:** A large rectangular area designated for an advertisement.
Footer: Includes a 'Footer' label, a 'Logo' placeholder, and a row of social media links: 'Like', 'Share', and 'Add'.

Page Notes

General content page, this page could be used for the more information pages links though from My Mosbuild

- 1 Appropriate links to various parts of the site, dependent on content page location.

Information in the Press section is divided into open information and login only information.

Unless the user has registered, been verified and has logged into the press section they will be greeted with a welcome screen and generic press information.

- 1 Copy outlining reasons to register as a press delegate and benefits.
- 2 Teaser imagery showing visitors additional functionality and information they will receive by registering as press.
- 3 Navigation through to sections of the 'open' press area
- 4 Press Login tab, links from this tab are greyed out until the user has logged in.

Page Notes

Unless the user has logged in general information will be displayed in the press section.

- 1 Dropdown filter allowing user the ability to filter by industry sector.
- 2 Press releases are displayed in chronological order, the most recent press report surfacing to the top of the page. When filtered, articles will still display in chronological order.
- 3 Open navigation within the press section, any user can browse through this area of the press.
- 4 All information in this section is behind the login, to gain access users have to register and be verified prior to entry
